ALL-COUNTY INFORMATION NOTICE I- 26-84

See Publications

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: COUNTY CORRECTIVE ACTION PLANNING PROCESS - FORMAT AND HANDBOOK FOR AFDC

REFERENCE: ALL COUNTY INFORMATION NOTICE I-09-84

The AFDC and Food Stamp programs have developed a conceptual model of a county corrective action planning process which will be described in individual program handbooks.

Attached is the final version of the AFDC County Corrective Action Plan Handbook. A draft AFDC Handbook was sent for your review and comment in January with the above referenced All County Information Notice. Release of the Food Stamp handbook is expected in early June.

The AFDC Corrective Action Bureau is in the process of conducting training for all counties on the use of the problem-solving tools described in the AFDC Handbook and in the revised county corrective action plan reporting requirements. You should have already received notification of the place and time of the training session for counties in your area. I urge you to see to it that the appropriate staff attend this important training event.

The revised format for submission of county six month corrective action plans in AFDC will be in effect for the plans due June, 1984. If you have any questions about the reporting requirements, the Handbook or the training sessions please contact Charles Marvin, David Feinberg, or Peter Morales of the AFDC Corrective Action Bureau, at (916) 445-4458.

LINDA S. McMAHON
Director
